HEALTH, SAFETY, ENVIRONMENT & QUALITY POLICY

JG-MARINE Co. Ltd. is a company based on the traditions of three generations of Master Mariners and we strive to work in accordance to the highest European standards.

It is the policy of our company to conduct all business activities in a responsible manner, which assures the health, safety and security of people, preservation of the environment, quality of the services and compliance with all applicable health, safety, environmental, security, legal, quality and regulatory requirements in countries where we operate.

To achieve this business ethic, we are implementing Health, Safety, Environmental, and Quality (HSEQ) management systems. With solid professional ethics, we will strive to improve and add value to customer management systems by leading the way in all activities we carry out.

Our HSEQ journey will continue to be a success when we ensure:

- ✓ A safe and healthy work environment for all persons associated with our business.
- ✓ Safe systems of work are part of our everyday business - SAFETY FIRST.
- ✓ Our management practices support occupational health, safety and environment in everyday business activities - complying with the highest global standards.
- ✓ Commitment to continuously improving existing practices regardless of current performance.
- ✓ Any adverse effect on people or the environment is to be considered unacceptable by the management and all employees.

These will be the guiding principles in our work philosophy, procedures and commercial agreements.
